

Introducing: Stratosfare

We've unveiled a brand new dining experience high above the glittering lights of Queenstown: [Stratosfare](#).

Formerly known as the Skyline Queenstown restaurant, Stratosfare features a new look and menu to complement its new identity. We've completely overhauled our famous restaurant and bar, offering our guests a fresh and exciting dining experience!

To celebrate its debut and welcome Queenstowners through its doors, Stratosfare is offering a locals' deal from November 20 to December 18. For a short time, adult Gondola + Dinner tickets are just [\\$59](#), and child tickets are just [\\$28](#)

"We're really proud of what we've achieved with Stratosfare," Skyline Queenstown General Manager Lyndon Thomas said. "We've aimed to redefine what people expect from a buffet-style restaurant in New Zealand, with a real focus on the interaction between our guests, chefs and food."

Chef and guest interaction is one of the highlights of the Stratosfare experience. Our expert chefs chat with guests while preparing dishes from the freshest ingredients at live cooking stations.

Further enhancing the guest experience is the inclusion of a mussel bar, where New Zealand green-lipped mussels are served hot with the sauce of your choice.

A central feature of Stratosfare is a purpose-built rotisserie oven where guests can see locally-sourced chicken, beef and lamb cooked before their eyes.

For the perfect end to the Stratosfare dining experience, we offer a tempting dessert display featuring a vast array of decadent sweet treats.

Located high above Queenstown with panoramic views of Lake Wakatipu and the Remarkables mountain range, Stratosfare is one of the most popular dining experiences in New Zealand – catering for up to 620 guests each night.

To book please call +64 3 441 0085 or visit www.skyline.co.nz/queenstown/restaurant/ for more information.
